ABOUT MYSELF

I am a dedicated and enthusiastic English language teacher with a strong academic background and passion for education. I am currently pursuing my Bachelor's degree in Computer Science at Afghan International Online Academy. Alongside my studies, I have over one year of teaching experience at two reputable schools in Kabul, where I taught various subjects and supported students with care and patience.

My English proficiency is at a high C1 level in all four skills — reading, writing, listening, and speaking. I am confident in creating engaging lesson plans and fostering a positive, interactive classroom environment. I believe in continuous learning and always strive to improve my teaching methods to better support my students' growth and success.
